

Induction Checklist

This induction checklist is to be used as a guide to the minimum information that should be explained and passed to each new employee. If any area is considered not relevant to the employee's position, then that box must be marked as N/A by the Inductor. All other boxes must be ticked to confirm induction. Each employee is to confirm having received induction by signing the form which will be witnessed by the Inductor and then filed on the employee's training file.

This is to be completed by a representative of the Bartsch Builders during the first week of employment with as much as practically possible being completed on the first day.
